

## THEY WILL RACE

WHEELMEN WILL HOLD A MEET ON DEORATION DAY.

Gravel park will be the scene of some fast riding—State Records are expected to be lowered if the weather is good—Fancy, Trick and Exhibition riding will be among the features—A large force of men will be put to work on Tuesday to get the track in order—A large crowd expected.

Gravel park will again be the scene of a fine display of fast bicycle riding. The Wichita Wheelmen have decided to give an exhibition and race program at that place on Memorial day, Saturday, May 26th, at 2 p. m.

Prizes of great value will be given in all the events and every inducement offered to get fast riders to contest. It is expected that many riders and spectators will be here from surrounding towns. The committee appointed for that purpose reported the following program:

One mile, open.  
One mile, of the 230 class.  
One and a half mile relay race.  
One-half mile tandem race.  
One-half mile exhibition, unpaired, by Muselman.

One-fourth mile exhibition, unpaired, by A. F. Hunt.

One-eighth mile exhibition, unpaired, by M. H. Burt.

One-half mile triplet exhibition—Hunt, Hays, Gribb.

One mile boys' race, open.

One-half mile boys' race, open.

Five-mile open race—Hays, Gribb, Muselman and Hunt.

Exhibition fancy and trick riding by Biffel.

On Tuesday a large force of men will start to prepare the track for the eventful day. Quite a number of the scorers are training hard and the petulant pop of the breaking records will be heard throughout the day.

To see all the bulging muscles, flying wheels, and double spurts the spectator will be required to furnish the gatekeeper 10 or 15 cents. The money thus obtained will be used to pay off the debts of the Wichita Wheelmen.

The members of the club who belong to the League of American Wheelmen made a call of the business men of the city to meet on Monday at 8 p. m., at the Elite restaurant to organize a business men's L. A. W. club.

## A TEN POUND BOY

How proud every mother is of her large, strong, baby boy. Especially the first one. More especially if, like Sarah of old, she had begun to doubt whether such happiness was in store for her. No miracle was wrought in this case, except the miracle of a remarkable cure.

Mrs. E. E. Thomas, Alpha, Mo., writes in a recent letter to Dr. Hartman as follows: "I have used your Peruna and Mac-A-Lin. I had been doctoring for several years, but kept getting worse. One day a neighbor woman brought me your book, the 'Ills of Life,' and wanted me to take your medicine. I told her that I had given up all hope of ever getting well. I had tried so much medicine. My neighbors thought I was nearly dead with consumption. Finally I concluded that I would make a last trial. So my husband got me a bottle of Peruna and Mac-A-Lin. I commenced taking them according to directions. That was two years ago. A year ago last November I gave birth to a ten-pound baby boy who is well and hearty and I am happy in my own household. I can never give Peruna too great praise. I think it is the best medicine I ever heard of."

Mothers, address Peruna Drug Manufacturing Company, Columbus, Ohio, for a free book.

## BLUFF CITY HEARD FROM

What Mr. Glover Has to Say About a Matter of Interest.

Mr. James Glover of Bluff City, Harper county, writes as follows:

"In today's Eagle I find the following: 'The Frisco Branch between Arkansas City and Anthony, which is a separate affair which runs when it wants to and stops when the people don't want it to, has decided to carry mail June 1.'

"The information brought to me given by the above is misleading and not correct. The road between Arkansas City and Anthony is no longer the 'Anthony Branch,' but is an independent line known as the 'Saint Louis, Kansas and Southwestern,' operated by Mr. Francis Easton, who leases it from the bond holders. The general manager is A. N. Brown, a bright, energetic young man who is making the road worth far more to the people along the line than it ever

was. The best news and most successful medicine for the cure of all diseases and weaknesses of the female reproductive organs is Dr. Pierce's Favorite Prescription. Hundreds of homes that years remained childless now ring with childish laughter as a result of the beneficial effects of the 'Favorite Prescription.' It is the preparation of an eminent and skillful specialist, Dr. R. V. Pierce. For years it has been used by Dr. Pierce in his daily practice in the 'Invalids' Hotel, the greatest institution of Buffalo, N. Y., the greatest institution of the kind in the world. It has relieved thousands of women from suffering and pain and prepared thousands for the successful performance of the duties of maternity.

W. R. Malcolm, of Knobel, Clay County, Arkansas, writes: "Since I last wrote you we have had a baby girl born to us. My wife took your 'Golden Medical Discovery' and also your 'Favorite Prescription' and after the expected period and until confinement, she had no trouble to mention. A stouter, heartier child was never born. Our child will be one year old the 8th inst. and she has not been sick a day. Has not had so much as the cold. It is a fact, and we have had to be up with her as often as twice at night since her birth. My wife had not even a fever for the two or three days after the child was born, although the attending physician told us that such would be the case. Our neighbors remarked to me that they thought my wife the stoutest of women they ever knew. We think our good health due to the use of your family medicines."

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them.

## Women's Reliance.

After Many Discouragements They Turn to Munyon.

Miss Valie Pridmore, 610 North Street, Springfield, Mo., says: "I was troubled with dyspepsia for a long time and suffered great distress after eating. At times I would go without my meals rather than suffer the agonies I endured after eating. Of all the medicines I tried none relieved me. I finally purchased a bottle of Munyon's Dyspepsia Cure, and that grand medicine cured me."

Munyon has a separate cure for each disease. At all druggists. Mostly 25 cents a bottle. Personal letters to Prof. Munyon, 1205 Arch St., Philadelphia, Pa., answered with free medical advice for any disease.

was under the Frisco management. In the two months that the road has been under the new management it has carried more logs and cattle into and through Wichita than the Frisco did in ten years. Mr. Brown has traffic arrangements with the Rock Island which gives an outlet to all points on that great system; he also makes rates over the Santa Fe and Missouri Pacific, practically giving us three roads instead of one, as when operated by the Frisco.

The Wichita Creamery company has a skimming station here that has been running about a month and is receiving over 5,000 pounds of milk daily, and inside of two months, will double it. With a Wichita business of that kind here and our road, where by we have never been able to reach the Wichita market, so changed that we now have a direct and quick route thereto, we want the Eagle to be correctly informed of the facts.

"It has rained for the past two weeks every day but one and it looks as if there was 'more to follow.' Everything except corn is growing fast and the prospect for a great harvest and good business is certainly bright."

Sunday, May 16th, the date.

When the Pennsylvania System's new entrance to New York on Twenty-third street will be formally opened. This will give the Vandall-Pennsylvania Short Lines three entrances into the heart of New York. Through trains leave St. Louis every day at 8:04 a. m., 8:24 a. m., 1:30 p. m., and 10:30 p. m. For special information address W. F. Brunner, Assistant General Passenger Agent, St. Louis, Mo.

Come to Rest.

Mrs. Mary E. Maxwell, wife of Wyman Maxwell, died of dropsy May 8, after a long illness at the home of her daughter, Mrs. Grace Walker, 419 South Market street. The funeral was held at the residence last Monday at 2:30 p. m., conducted by Rev. Burns.

Though an intense sufferer for the last three years, her trust and faith in her Redeemer enabled her to be most wonderfully patient even to the end. She leaves a large family of six children to mourn her untimely death, her age being 47 years, 6 months and 2 days.

"Asleep in Jesus. Soon to rise when the last trump shall ring the skies then burst the fetters of the tomb And wake in full immortal bloom."

David King Died Last Night.

David, son of John King, Ninth army corps, died at 11:35 last night at the home of J. R. H. King, 409 South Water street, after an illness with consumption of about five months. He was patient, uncomplaining and perfectly conscious until five minutes before he died. Since residing in Wichita, a period of eight weeks, he has made many warm friends, who will deeply sympathize with the mourners.

This being the last of the family of the Major, it makes it harder to bear, but his only consolation is that his loss is their gain. David died as he lived, a noble, honest Christian, never flinching to the last and fell asleep in the arms of Jesus.

The funeral will take place from the home Monday afternoon at 2:30 o'clock. All friends of the family, old soldiers, and sons of veterans are invited to attend.

Flowing Words of Praise.

The glowing influence of music in all that any form is generally acknowledged, but most of us are unable to appreciate 'Songs Without Words.' Therefore every publication which serves to feed the poetry of the heart to the compositions of musical masters is a public blessing. As such I esteem the collection entitled 'Sweet Sacred Songs' very highly."—Rev. A. J. Canfield, Pastor of St. Paul's Universalist Church, Chicago.

Card of Thanks.

The children of Mrs. Mary E. Maxwell wish to thank their many friends and neighbors for their many deeds of kindness during the late illness and death of their beloved mother.

CATARH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effective Cure for It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs, and difficult breathing; headaches, sickle appetite, nervous and a general palp of languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlandson the safest and best treatment is to use after each meal a tablet composed of Dipsacae, Aspic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Roeder of 3710 Dearborn St., Chicago, Illinois, writes: "Catarh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found fresh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

## DEPT. OF INTERIOR.

Chief Donoghue Also Benefited by Paine's Celery Compound.

Washington, May 14.—In all the departments at Washington Paine's celery compound has become the office expression for an ideal invigorator when one is "run down" by overwork, confining duties, or any of the many causes that result in ill health.

Here is what a prominent official in the Department of the Interior says of Paine's celery compound:

Department of the Interior, General Land Office.

It affords me much pleasure to state that Paine's celery compound has been to me an excellent spring remedy, and particularly beneficial to the nervous system and digestive organs. I cordially commend its use.

M. F. DONOGHUE, Chief of Contest Division.

Among the thousands of voluntary letters of acknowledgement for benefit derived from Paine's celery compound, there have already been published in the Washington papers testimonials from men representing every department of the national government—not only from many of the best known congressmen, but from those of hard-working clerks unknown outside of their immediate circle of friends. Some of those who have voluntarily endorsed Paine's celery compound are:

Congressman Powers of Vermont.

Congressman Meredith of Virginia.

Congressman Bell of Colorado.

Congressman Neill of Arkansas.

Congressman Wilber of New York.

Congressman Groat of Vermont.

Congressman Otter of Virginia.

striking out thirteen men. Another game will be played in the near future.

Captain John Waller of Iowa stopped off in the city yesterday while enroute to Texas. The captain said he was not surprised after he saw the city that it was called the Peerless Princess. He was quite impressed and said that business seemed better here than any place he had visited on his trip.

Professor W. C. Smoke, who has been principal of the Clearwater schools for the past three years, was in town yesterday and called on the Eagle. He has a bound volume of the manuscript work of the sixth, seventh and eighth grades of the schools that is something out of the ordinary and shows as well as apt scholarship.

Belford Wood, for twenty years an efficient officer on the police force of this city and as a detective widely known as a keen and deep unraveler of plots, was appointed assistant chief of police yesterday by the police commissioners. Wood has figured prominently in a good number of large criminal cases in this country and adjoining counties. He was the detective who worked up the Rogers case at Newton.

MUSIC AND DRAMA.

"The Doctor of Alcantara" which has been in course of preparation by the Knights of Pythias for the past two months, bids fair to be a first-class amateur performance. The advance sale of tickets is exceptionally large and indicates the estimate placed upon the production by our home folks. No better criterion of its merits can be found. The cast is strong and is comparatively free from that stiffness and tendency to over-reach so often found in amateurs. In it is found historic talent of a high order.

Doctor Paracelsus is very ably interpreted by Mr. Harry McCloud, who has won the hearts of the music loving people of more than one state as a baritone soloist.

Mr. H. A. Ward, as Badihayar, will prove his ability to handle perhaps the most difficult character in the case in a truly professional manner. Mr. Ward will be a very popular man in future operatic and dramatic ventures.

Carlotta is very successfully interpreted by Mr. George Westgate. Mr. Westgate takes the character he interprets and his imperial tenor has often been heard in concert and solo work in this city.

A. C. Crawford, of Garden Plain was in with one of his boys.

Harvey Grace of Cheney came in with his car of boys.

Pat McKinley of Preceptor was up with two car loads of bugs.

Mr. Carlisle's Private Secretary.

Hon. William R. Smith, Sup't. U. S. Botanical Garden.

Major-General.

Commodore Howell.

Lieut. C. A. McAllister.

Hon. F. H. Stockey, U. S. Navy.
